

Summer 2010 Internship Funding Application

Through the generosity of donors, the Ford School has limited funds to assist students in defraying some of the costs of completing the 10-week FSPP internship requirement in an organization offering an unpaid or low-paid internship. Please review the information below to ensure you meet funding eligibility requirements and understand all guidelines and conditions.

Guidelines and Conditions for Ford School Internship Funding

- Students may request up to \$2500 of Ford School summer internship support for internships in the United States and \$3000 for internships abroad. Funding is competitive; acceptance of an unpaid internship does not guarantee funding support from the Ford School.
- Students receiving more than \$250/week (or the equivalent stipend) for full-time work from their internship employer are not eligible for this funding.
- Funding is *not* available for: a) internships with other University of Michigan offices or b) political campaign work for elected officials.
- Funding for internships in countries with a State Department Travel Warning at the time of application or when funding is disbursed will be reviewed on a case-by-case basis and is subject to change. In such cases, students will be asked to sign a Ford School Travel Waiver.
- Funding awards are considered student financial aid awards and are both reportable and taxable.
- Students are encouraged to request funding support from many sources. The FSPP funding award level may be adjusted if the student receives total awards exceeding their 10-week budget.
- Upon completion of the internship, students will be required to submit an Internship Report, the format of which will be communicated to you during the summer. A copy of this report and/or excerpts may be made available to donors sponsoring the funding. Funding recipients will also be contacted by the Development Office to write a letter of appreciation to the donor.
- Students are responsible for notifying Graduate Career Services of any developments concerning their internship which, in any way, might change the scope of the proposed internship.
- Students may be held responsible for reimbursing the Ford School for failure to comply with any of these conditions and eligibility criteria.
- Funding is available for internships pursued after completion of one year of Ford School coursework. Students must be registered as a full-time student in the term following completion of the internship. (Any exceptions to the traditional timeline for completing the internship requirement must be approved by Graduate Career Services in the year the student would typically complete the internship.)
- Funding is primarily intended for students completing the Ford School internship requirement. Dual degree students completing a second summer internship may submit a proposal for funding; however, decisions on these applications will not be made until the end of April. Should funds remain at that time, preference will be given to students who did not receive funding support for their first internship.

Application and Funding Timeline

Applications will be processed on a rolling basis beginning Monday, February 22nd. Applicants can expect a funding decision within 10 business days of their date of application. Funds will not be made available to students until early May. Deadline for applications is Friday, May 28th or when funding has been exhausted.

**Ford School Summer Internship Funding Application
Summer 2010**

Name	UMICH ID

Address

Telephone	Email

Internship Employer	Internship Location

Amount requested from Ford School	Has direct deposit been set up between the University of Michigan and your bank/credit union? (If no, it needs to be)
\$	Yes / No

I certify that I meet the eligibility criteria for unpaid internship support and agree to the terms set forth in the Guidelines & Conditions for Ford School Internship Funding.

Signature: _____

Date: _____

In addition to the above information, please submit the following:

- **A budget that includes:**
 - Transportation (ground, airfare)
 - Housing
 - Food and personal care items (laundry, etc)—provide a per diem
 - HTH Travel Health Insurance (<http://www.uhs.umich.edu/tai/#top>)
 - Other
 - Amount requested from the Ford School

Summer Internship Funding Application Tips & Suggestions

Do

1. Provide printouts or citations that detail how you arrived at the number(s) in your application. For example, if you are submitting a price of \$1100 for your flight to Phnom Penh please provide the printout from the website that reflects the dates of your flight, the starting and end points, price etc.
2. Provide some reference for every number in your budget. For example, if you arrived at your housing cost based on an email conversation that you had with someone in the office in which you will be interning, include a copy of this email with your application. Applications that do not include references for how you arrived at your budget will be returned to you.
3. Look at the budget form carefully. In some places (housing) you are being asked for a monthly cost, in other places (food) you are being asked for a daily cost. Please provide the appropriate number.
4. Submit a budget that includes:
 1. Transportation to and from the airport
 2. Flights
 3. Driving expenses from Ann Arbor (or other starting point) to your internship city and back
 4. Transportation costs (public transport, parking costs, gas) in your internship city
 5. Housing costs in your internship city, including utilities
 6. Food costs in your internship city
 7. Vaccinations necessary for your internship
 8. Visa necessary for your internship
 9. Travel health insurance if you are traveling outside the U.S.
 10. Dry cleaning (if necessary)
5. Contact Tom Phillips (tdphill@umich.edu) if you have any questions.

Do Not:

1. Submit a sub-par application, i.e., an application without everything that is requested.
2. Submit a budget that includes any of the following as an expense:
 - a. Your Ann Arbor rent
 - b. Your cell phone bill
 - c. Your bills for prescriptions that are not being incurred as a result of your internship
 - d. Internet access (except for in the rare case that your employer does not provide internet access)
 - e. Entertainment costs
