2015 SUMMER INTERNSHIPS | MASTER OF PUBLIC POLICY

POLICY AT WORK

THE FORD SCHOOL MPP curriculum requires a policy-related internship, giving students the opportunity to apply their knowledge to significant problems in the public, private, or nonprofit sectors and develop and enhance skills in areas of professional interest. The internship – completed over the summer following the first year of coursework – helps students clarify their career direction, gives perspective on the selection of second-year electives, and enables students to establish networks of great value in securing post-graduation employment.

INTERNSHIPS BY LOCATION

n=91

INTERNSHIPS BY SECTOR

FUNDING INTERNSHIPS

Through the generous contributions of Ford School alumni and donors, funding support is available to offset the cost of pursuing unpaid internships in the nonprofit or public sectors. The Ford School historically offers 15-20 internship partnerships funded between \$6,000 to \$7,500 through donor contributions. In addition we have an Unpaid Internship Fund through which students can apply for up to \$3,000 for domestic and/or international internships. Staff help students weigh the benefits and costs of an unpaid internship, identify resources for funding support, and write effective funding proposals.
